## BETTER TOGETHER

BY SANDRA RECHSTEINER

I would like to express my deepest gratitude to all my Mission Partners. We did it! Thanks to your generous monthly donations, I will be able to jumpstart my NEW WAY OF LIFE in ministry as planned on May 1st, 2021, and become a part of the incredible Alphalive Team in Switzerland. I am so honored to be on this journey with every single one of you and can't wait to play an active part in equipping the church in its mission to help people discover Jesus.

In the meantime, I was participating in a Alphalive/Alpha hosted by a local catholic church. It was their first time running an Alphalive course with their staff and it was such an incredible experience for me to get a first feel & insight into the Swiss church culture and meet incredible people in the town we live in. Learning from one another, the teaching, experiencing the Holy Spirit, growing together, all this and more was faith and community building for everyone. This is Alphalive!

In fact, they loved it so much that the decision makers decided to implement Alphalive including an Alphalive Youth course as of September. This made me so happy. God is at work. Thank you ALL for setting me free. Because of the financial support you are giving into His kingdom, we as a team are creating His magic together.

TEAM WORK MAKES HIS DREAM WORK

## A STORY FOR HIS GLORY

I would love to share an incredible testimony received from one of my Mission Partners. I know many of you stepped out in faith by financially supporting me. By putting Him and His kingdom above your own needs, you planted a seed.

**" You will always harvest what you plant." Galatians 6:7**

Here is what happened to a family of 6!

"The money we committed to you... the exact amount came into our hands by complete surprise literally days later. The kids were like WHAT, WOW. It's so neat to see God moving money here and there to the hands that need it next."

We are looking forward to the upcoming **ANNUAL ALPHA Leadership Conference**

You are invited to join us! This year, the Leadership Conference will be held online as one experience repeated over two days, 4-5 May 2021, to reach our worldwide family. We are thrilled to be able to say that this will be a free event.

You will be able to choose which day to attend, either:

Tuesday 4 May, 7.00pm – 9.00pm  
or  
Wednesday 5 May, 11.30am – 1.30pm  
(BST standard times)

“

*The greatest compliment you can receive is being counted on*

– JOHN C MAXWELL

Team Work makes His Dream Work. What matters most to a team is achieving desired results, and knowing that their contribution made a difference. Knowing that people can count on one another is a sign of confidence and trust. One of our deepest needs as human beings is being recognized for the valuable contributions we make in life.

Dear Mission Partners, please know that not only God sees you and cherishes you, but I also do too and you can count on me giving my best being obedient to His will.

*With love,  
Sandra*
