Alpha Story - Film Set- Action

So much fun on set at a non-denominational church, directing & collaborating with a great team of creatives. Get ready for an amazing Alpha miracle story, a story of transformation, reconciliation, peace, forgiveness and unconditional love.

The thing is, we are not called to live this perfect fabricated pretended life. If we want to show the love of Jesus, it will not look like impressing people. It will look like inviting people into our real lives allowing ourselves to be known for who we really are, and creating a safe space where other people can be known, seen, loved and valued.

4 Country Alpha Team Gathering

We stand for unity, radical hospitality, and serving the local church, and we strive to reflect God's love in the work we get to do. Four Alpha country teams met in Salzburg, Austria, to do 2033 vision casting, develop strategies, worship together, pray for our countries and teams and, of course, for some bonding time and some fun in the snow. It is such a blessing to see more and more local churches successfully create this inviting & lively Alpha culture while us collaborating and using synergies internationally. Our vision is BIG. By 2033 we want to reach 100 million people through an Alpha worldwide. "Let the size of our God determine the size of our dreams and goals", as Rick Warren always says.

For the Lord is a GREAT God. Ps. 95:3

Prison Ministry

Peter has been incarcerated in a maximum security prison for eight years. Every inmate matters to God. There is nothing that we can do that the grace of Jesus can't cover. God loves Peter, and it is a privilege to visit him as a messenger of hope on a regular base. We read the bible, pray, overcome, believe, receive forgiveness again and again, dream, and take every thought captive to make it obedient to Christ. Peter is loved, forgiven, and set free (even not physically yet).

This picture was his Christmas gift to me. He was so excited that he ordered five copies to ensure both his children and Enrico get one too.

Meet Elsie - my Missionpartner

My name is Elsie from Vancouver, Canada. I met Sandra and Enrico at Coastal Church when they joined the Connect course and became part of the different ministries at the church. These past few months, lots of challenges happened in our family, but it is so amazing how God continues to show His faithfulness and goodness in our lives. He has surrounded us with many people who encouraged and blessed us, and, most of all, prayed for us.

I became a Mission Partner because I believe that the world needs to know who God is, and people like Sandra, who has such a great passion for spreading God's word, are totally awesome.

I remember growing up, I want to be a missionary because I want to reach out and share who Jesus is in my life, but one thing that I learned is that wherever we are, we are in a mission field. It is responding to the call where God can take us. I saw in Sandra and Enrico's life how they responded to this call and shared their passion for other people. How Sandra grew and follow God's calling and boldly share every moment who Jesus is and what God has been doing in their life

In a word, how does all of the above make you feel?
BLESSED

First National Alpha Event by the Catholic Church for the Catholic Church

I get goosebumps. Another Catholic Church I have been privileged to serve and coach for over a year now, caught the Alpha fire and is inspiring other parishes mind-blowingly to try & integrate Alpha. This is Kingdom Thinking Leadership. We have invited the core team to London, and they asked us to host a National event on the topic of "Evangelism - radical hospitality for the Catholic Church.

"Sandra, I thought trying out Alpha will at least initiate some conversations around faith and will inspire existing church members and others who this God thing is completely new to ask questions. This is why I originally wanted to try/ launch Alpha in our parish. " says Adrian, a Catholic priest ." But now, I notice and witness tangible transformations in every Alpha guest. I have been blown away to witness what God is doing in our congregation now."

An Alpha story for His glory

Rosemarie (glasses) encountered Jesus in an Alpha last year and invited Sandra (background) to the next Alpha, and today they both have been infused by the joy of the Lord. Currently, 90 Alphas are running in Switzerland. The feedback is inspiring. Hear from two first-timers running Alpha. A non-denominational church just decided to add a Ukrainian Alpha, and two days before the kickoff evening, they received 10 registrations for it. They are expecting 18 guests in the German-speaking Alpha. A reformed Church started successfully last week with 20 guests. Let's pray for all the Alpha teams and the Alpha guests around the World running an Alpha course right now. And let's be full of anticipation for the work of the Holy Spirit.

Meet Therese - my Missionpartner

My name is Therese from North Vancouver, Canada. I had the pleasure to finally meet Sandra and Enrico for the first time last year when they both made a trip to Canada to reconnect with their Vancouver Sponsors, Friends and Coastal Church Family. I was introduced to Alpha Switzerland through a common friend of Sandra. The mission was just about to be launched. It was easy to say YES to becoming a Mission Partner for the following 3 reasons. Firstly at the time, I was looking for a new cause worth supporting monthly. I am Swiss. I was born, raised and educated in Bern. And thirdly, I know Switzerland is beautiful but in desperate need of Jesus. I have been living in Canada for 40 years, and I still love it here. But Switzerland is my home. I was raised in a Christian family.

My parents took us 4 kids to the Salvation Army every Sunday. As a young adult, I often brought the Gospel of Jesus to people who typically did not attend church - we sang in pubs, held outdoor services in small villages and taught Sunday School. I remember the sound of the village church ringing on Sundays to remind people that it's time to come together in the presence of God. But only a few would attend.

It warms my heart to see how churches now are showing a hunger and thirst for God and are open to trying something new - like Alphas. Since I cannot physically be there, I am so thankful for Sandra and Enrico's commitment to serving God and reaching the lost in my country. It is a pleasure to receive all the posts, progress reports, newsletters, reading the testimonies and feeling a little homesick when I see the magnificent views of the Swiss Alps.

I pray that God, through His word, spirit, and people, may equip Sandra and Enrico for the task He has given them. May He give them wisdom, courage and good health.

"And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work." (2 Cor.9:8)

One year wiser

I was absolutely overwhelmed by all the love. Thank you, everyone, for your heartfelt birthday messages. I am grateful for every one of you.

On my birthday, I woke up next to my fav person, spent the morning trying to stay on fries skis, laughed so hard, ate a lot of cake, spend quality time with two heart friends and ended the work week with Chinese takeout and my fav person.

100 million people

Our 2033 Alpha vision is to play our part in giving the world the opportunity to explore faith in the risen Jesus by 2033. 2000th anniversary of the resurrection of Jesus. By the end of 2033, we hope that 100 million people will have participated in an Alpha course and heard the good news.

Your generous giving and monthly sponsorship make all the difference to me and to all of us contributing to this GRAND VISION. I could not do my work without you. I wake up every morning knowing that I have a team of prayer and donor partners on this mission alongside me, and this especially helps me on challenging days to get up, not give up but contribute my very best for Him together with you.
